	<b>Quality, Hygiene, Environment and Safety and Health at Work Politic</b>	

ALJUAN, S.L. maintains an Integrated Management System for Quality, Hygiene, Environment and Safety and Health at Work based on the UNE-EN ISO 9001, UNE-EN ISO 14001 and ISO 45001 standards.

Aljuan's Mission is to deliver reusable and recyclable plastic products to customers' homes that meet the needs of their homes in terms of food storage, the order of things, gardening, and household items in general. All of them based on an innovative design and adapted to the customer's tastes with excellent quality, based on the application of national and international standards supported by product testing. Aljuan is committed to the continuous renewal of its production and support equipment so that they are always in accordance with the latest clean technology, as well as to maintain a team of people motivated to achieve customer satisfaction, and safe in carrying out their activities.

Aljuan's Vision is all the factors that make up our mission, which help us to be one of the leading companies in the market and to be present in many homes around the world. Our goal is to cover all areas of the home in which our plastic items can make life more comfortable for customers.

The Integrated Management System for Quality, the Environment and Safety and Health at Work affects the design, manufacture, and sale of plastic products, in the facilities that Aljuan, S.L. has in Ibi on Calle Sevilla, s/n /Avd. del Juguete.

This Policy is based on the following General Principles:

- Extending the responsibility for Quality, environmental sustainability, and Safety at Work to all levels of the organization.
- Promoting the prevention of errors and failures and considering them as opportunities for improvement.
- Providing adequate training to staff and the necessary means to carry out their work in the most reliable and safe way possible.
- Maintenance and continuous improvement of our Integrated Management System in accordance with the UNE-EN ISO 9001, UNE-EN ISO 14001 and ISO 45001 Standards.
- Commitment to compliance with legal requirements in terms of Hygiene, Environment, Occupational Safety and Quality. As well as commitment to prevention of pollution, environmental improvement, and compliance with all those requirements that the company subscribes to, apart from the legal ones.
- Maintenance of Good Hygiene and Manufacturing Practices to ensure the safety of our food products and quality levels appropriate to the requirements of our customers.
- Taking care of the relationship with suppliers and other interested parties is essential for us, both the work and the information.
- It must be a frame of reference for the establishment of Occupational Health and Safety objectives.
- Providing safe and healthy working conditions for the prevention of work-related injuries and health deterioration, and appropriate to the organization and its context.
- Carrying out the consultation and guarantee the participation of the workers and/or their representatives.
- Eliminating hazards and reducing risks for Safety and Health at Work.

In order to implement our policy and achieve the objective, it is absolutely necessary the unconditional support of all the personnel of the company manifested through the firm and constant commitment to Hygiene, Environment, Occupational Safety and Quality.
